U For the information of recipient offices, Francis Terpil is a former CIA employee engaged in the export business in furnishing arms, communications equipment, training, and so forth to various foreign governments such as Libya, [Uganda, South Korea, and Iran]. He has been associated with Edwin Paul Wilson and other former CIA employees, and they operate through numerous corporations controlled by them. Twelve-page document

One hundred twelve latent fingerprints, eleven of which are from the side and tip areas of the fingers, nine latent palm prints and two latent impressions, which are either fingerprints or palm prints, of value were developed on the folder and the twelve-page document.

Two latent prints developed on a cream colored folder bearing the hand printed notation "MARCH," have been identified as the right thumb and the left index finger impressions of Francis Edward Terpil, born 11/2/39, FBI #198717E.

Eleven latent fingerprints and one latent impression were compared with the comparable areas of the fingerprints of Turpil and the fingerprints of Edwin Paul Wilson, born 5/3/28, but no identification was effected. Major case prints are needed for conclusive comparisons.
